

## In Loving Memory Of Our Beloved Fox Terrier, Bebe

We took Bebe to our home in Leicester on 20<sup>th</sup> March 2005, when she was about 2½ years old, Lee had taken her in on Christmas Eve and told us she needed a lot of love and attention to get her fit and well enough to be rehomed. Lee named her 'My Little B', but she became our Bebe.

Bebe quickly filled a gap of our 5 year old Fox Terrier Heidi, who had died from diabetes in the summer of 2004. Bebe soon adjusted to being with us and everyone loved her as she showered them with cuddles and kisses.

Bebe had 3 passions, food, sunshine and sleep!

- A great passion was raw carrot or banana and she would not leave you alone until she got some.
- Bebe's favourite time was when the weather was warm enough to sit outside and take in the sunshine, if she could not be outside she would move around inside to get as many rays as she could.
- 5pm was another important time for her as this was dinner time, she cried like a baby until the dinner was down and it would be gone before you had time to wash the spoon you had used.

She was so much part of our family she went everywhere with us, every holiday, day trip or family outing. The first thing to check was whether dogs were allowed, if not we would choose somewhere else.

In 2007 as a family we decided to walk up to the top of Scafell Pike, it took us around 8 hours and that night in the hotel she went under the bed and would not come out until the next morning.

On Sunday 24<sup>th</sup> May, Bebe, quite tragically, had a bleed on the brain and was taken from us very quickly. We all love her and miss her lots, but in time I know we will be able to smile about the adorable Fox Terrier that she was

We all love you and miss you lots xxx
